

Boost sales productivity, sell more and deliver a better customer experience, with ONE Correspond for Salesforce.

Finally a better way to create highly-personalized, branded and relevant customer communications – and all within Salesforce.

Here are 9 ways we outperform our competitors according to benchmark studies and our customers:

1

CREATE PERSONALIZED COMMUNICATIONS 4x FASTER

Our easy-to-use and access solution allows your team to quickly create highly effective on-brand documents, using pre-approved templates and content.

2

SIMPLER TEMPLATE CREATION

With our easy drag & drop interface, it takes a matter of minutes to create a business-ready, reusable template.

OURS TAKES MINUTES

VS

THEIRS TAKES DAYS

3

FASTER IMPLEMENTATION

We'll get your users up and running in a day - no coding required! With other solutions this can take weeks or even months.

4

REDUCE STAFF AND BETTER UTILIZE RESOURCES

With easy access for all users to pre-approved templates and content, there's no need for extra staff to double and triple check documentation.

BEFORE

AFTER

One customer told us they **reduced their support staff from 7 people to 2** because of our automation, freeing up resources to work on higher value projects.

5

CREATE DOCUMENTS WITH FEWER MOUSE CLICKS

With us, it takes one to two simple clicks to generate a document.

6

ELIMINATE WORD PROCESSING HEADACHES

Because we're in Salesforce and they're not, you'll no longer need to cut and paste documents or import them from your desktop. Eliminate version control headaches. Stop worrying that you're updating the wrong document. Create, collaborate and send documents right from Salesforce.

7

TOTAL CONTROL OVER CONTENT AND STYLE

We help ensure your documents are on-brand, on-message, and compliant (T&Cs are locked and loaded.)

8

TRUE VERSION CONTROL

Collaborate with ease, make changes & track **ONE** document as opposed to many, all with a single audit trail.

9

MORE FULLY LEVERAGE YOUR SALESFORCE INVESTMENT

Other solutions on the market are NOT fully integrated with Salesforce. With ONE Correspond for Salesforce your customer data, content and templates all reside in Salesforce. And the solution is collaboration enabled as well.

Stop wasting time. We're faster, easier and better than any solution on the market today.
